Do you want to automate your cloud operations and enable DevOps practices?

If you answered yes to any of these questions, then you need **Cloud Landing Zone Review-as-a-Service**, a comprehensive service that helps you assess, evaluate, enhance, and automate your cloud landscape.

 **Security**  **Cost Optimization**  **Future Growth**  **Compliance**

What is Cloud Landing Zone Review-as-a-Service?

Cloud Landing Zone Review-as-a-Service is a service that helps you optimize your cloud infrastructure, security and operations. It consists of four phases:

Assess

We analyze your current cloud landscape and identify the requirements based on the Cloud Adoption Framework (CAF) and the Well-Architected Framework (WAF) best practices.

Evaluate

We provide you with an insights report that shows the satisfaction rate of each requirement and the recommendations for mitigating the gaps.

Enhance

We work with you to create an action plan for implementing the recommendations and improving your cloud posture.

Automate

We use Infrastructure as Code (IaC) modules, templates, scripts, and services to automate your cloud operations and enable DevOps practices.

Cloud Landing Zone Review-as-a-Service

What are the benefits of Cloud Landing Zone Review-as-a-Service?

By using **Cloud Landing Zone Review-as-a-Service**, you can achieve the following benefits:

- ✓ **Security: Protect** your cloud-provisioned workloads from cyber threats and vulnerabilities by applying the latest security controls and policies.
- ✓ **Cost optimization: Reduce** your cloud spending by optimizing your resource utilization and eliminating waste.
- ✓ **Future growth: Scale** your cloud infrastructure to meet your changing business needs and support innovation.
- ✓ **Compliance: Adhere** to the regulatory and governance standards that apply to your industry and region.
